LIGHTING CABLES

More than 150 colours, patterns, textures and surface effects for different uses, tastes or design. Choose among the offered styles (round, twisted, nautical, large section or flat) what best suits your lighting project: they are incredibly flexible, because we use high quality PVC to avoid bulges or wrinkles. All of our lighting cables are IM-HAR certified, the highest quality standard in Europe. Every single product is designed and Made in Italy.

Round rayon cables

Rayon cables have a bright solid finish, which is elegant yet informal. Shiny as silk, they can bring colour wherever needed.

Specifications:
H03VV 300/300V 2x0,75 o 3x0,75
Flex Round Cable DOUBLE INSULATION under textile braid
CEI 20-20 CEI 20-35 RoHS
Diameter: 6,2 mm 2x0,75 or 6,6 mm 3x0,75
This product complies with all Italian and European safety regulations

Round cotton cables

Cotton cables have pastel colours and warm tones. Cotton has a natural look and matches cozy and minimal environments. Ideal for those who prefer a “raw” feeling.

Specifications:
H03VV 300/300V 2x0,75 o 3x0,75
Flex Round Cable DOUBLE INSULATION under fabric braid
CEI 20-20 CEI 20-35 RoHS
Diameter: 6,2mm 2x0,75 or 6,6mm 3x0,75
This product is in compliance with all Italian and European safety regulations

Round metal cables

A copper layer partially covers a black electrical flex, for an incredibly shiny effect. We love it for that special industrial yet very chic touch.

Specifications:
H03VV 300/300V 3x0,75
Flex Round Cable DOUBLE INSULATION under metal braid
CEI 20-20 CEI 20-35 RoHS
Diameter: 6,6 mm 3x0,75
This product is in compliance with all Italian and European safety regulations

Round linen cables

Linen brings warmth and coziness to any room: it perfectly matches furniture in natural materials such as wood and earth colours. You will love its unmistakable “coarse” touch.

Specifications:
H03VV 300/300V 2x0,75 o 3x0,75
Flex Round Cable DOUBLE INSULATION under textile braid
CEI 20-20 CEI 20-35 RoHS
Diameter: 6,2mm 2x0,75 or 6,6mm 3x0,75
This product is in compliance with all Italian and European safety regulations

Round jute cables

Jute is the most rustic of all fabrics: we recommend it for country chic and shabby environments.

Specifications:
H03VV 300/300V 2x0,75 o 3x0,75
Certificazione IMQ-HAR
Flex Round Cable DOUBLE INSULATION under fabric braid
CEI 20-20 CEI 20-35 RoHS
Diameter: 6,2 mm 2x0,75 or 6,6 mm 3x0,75
This product is in compliance with all Italian and European safety regulations

Round glitter cables

Take plain cotton fabric, add some shimmering thread and you'll get a glamorous cable for your lamp.

Specifications:

COMPONENTS

COMPONENTS - ACCESSORIES

Small things can make a difference: among our accessories you will find all the special components which can make your lamp 100% unique.

Pinocchio

Pinocchio is Creative Cables adjustable wall mount for pendant lamp: it is made in Italy out of 100% beachtree wood and it can be polished or painted as desired.

The cable doesn't go through any holes, it is wrapped around ridged wooden supports at each end: we strongly recommend you to use it with Snake, Snake for lampshades and SnakeBis.

Pinocchio makes it possible to hang a lamp onto a wall, even with a lampshade with a 50 cm maximum diameter and a 3,365 kg maximum weight.

Pinocchio can also be adjusted at three different heights.

Archet(To)

Archet(To) is Creative-Cables patented and Made in Italy solution to create a suspended lamp that can be hung onto a wall, even with a lampshade with a 70 cm maximum diameter and a 3,365 kg maximum weight: Archet(To) bends according to the weight it is bearing. it has a light structure in transparent polycarbonate and can be used with Snake, Snake for lampshades and SnakeBis.

To mount Archet(To) on a wall lightpoint, you may want to use the designated bases in natural and made-in-Italy wood. The bases can be polished or painted as desired.

Cable Clamps

Cable Clamps are not just a safety feature: they can actually be beautiful and decorative! The metal cable clamps are available in standard size (1,7 cm) and XL size (7 cm and 15 cm).

MAGNETICO®: THE LAMP THAT LOVES METAL!

The project

The Magnetico® collection is based on a simple but ingenious idea: as domestic environments are rich in metal surfaces, let's use these to place a lamp with the aid of a magnet, moving it and orienting it according to taste and necessity, without drilling the walls!

Magnetico®-Pendel

It is an adjustable pendant lamp: the magnetic lamp holder, in fact, can be rotated on a metal ball and can therefore be directed where desired. Magnetico®-Pendel is available in 9 different finishes, it's ready-to-use and includes a 1,50 m cable.

Magnetico®-Plug

It is a magnetic lamp holder able to adhere to any flat metal surface, no matter whether vertical or horizontal! Magnetico®-Plug is available in 9 different finishes and is equipped with a colored 3 meter cable, switch, two-pole plug and E27 socket.

Magnetico®-Base

It is a small metal base, available in 9 different finishes, which can be associated with Magnetico®-Plug to create movable table lamps. It is ideal as a portable and adjustable light for reading or working on a PC, but it can also illuminate a coffee table or a bookcase. Also equipped with a fold, it allows you to direct the light as desired.

Magnetico®-Shelf

It is a shelf, available in 6 colors, to be fixed to the wall and to be combined with Magnetico®-Plug. Magnetico®-Shelf is thin, but it is a shelf in all respects: it can host a book, a pair of glasses, a telephone and become a very original bedside table. Thanks to the fold, the light of the Plug can also be oriented.

UFO UNCONVENTIONAL FLYING OBJECT

The project

We selected 14 famous & promising emerging artists, we chose two of their most representative artworks and we lit them up: this is how the UFO collection - Unconventional Flying Objects was born. 14 double-faced wooden disks, processed and printed in Italy, ready to become a wall or a suspension lamp. Well, actually two: both sides of the disk are illustrated with different designs! Men and women, cactus and pineapples, mandala and azulejos, ice cream and cupcakes, and not to forget fish, dogs and flamingoes: A surprising variety of subjects and colours that create playful, romantic or surreal atmospheres.

UFO Suspended and wall lamps

UFO, when equipped with the right accessories can be easily turned into flying suspension light or a wall lamp: Special attention has been given to the colours of cables and lamp holders chosen to ensure the best aesthetic result. We recommend you to pair UFO wall lamps with a small Half Sphere bulb that won't cover the illustration, only illuminate it without dazzling the observer.

MINI-UFO COLLECTION “READING BALLSH*T”

The project

The first MINI-UFO collection for Posaluce - illustrated in the ironic calligraphic style of lepalle.it - is dedicated to readers, who are known to be the finest and snobbiest liars

MINI-UFO

4 small poplar wood disks, processed and printed in Italy, with a central hole: they need to be mounted on a white wooden Posaluce and they are ready to illuminate your reading sessions. Both sides are illustrated. Available in italian or english.

Creative-Cables is the largest online store for textile cables, operating in over 20 countries all over the world. We offer a huge choice of Made in Italy and IMQ-HAR or UL certified fabric cables and accessories that, together with our light bulbs, can generate thousands and thousands of product combinations.

Creative-Cables: a twist on Italian Taste

Creative-Cables was founded in Turin in 2014: the mission was “produce the best quality and the widest range of fabric cables and make them available to customers all over the world”. Over time, a wide selection of light bulbs, components and accessories was added: we regularly refresh our assortment in order to be up-to-date with the latest decor trends. Today, Creative-Cables is the go-to company when you have yourself a “lighting dream”.
Apart from cables and accessories, Creative-Cables also means ready-to-use and complete products: some of our most challenging and beautiful custom-made lighting solutions have been developed and employed by architects and designers from all over the world.

Creative-Cables around the world

Our network includes 24 national websites, but it keeps growing: from Italy to Northern Europe, from United States to Australia. Whenever possible, we choose to have:

- local warehouses in order to guarantee lower shipping rates
- local staff, to provide better and prompter customer service

ABOUT US

Founded in Turin in 2014, Creative-Cables is the marketplace where it is possible to build any entirely customised lighting solution for ceilings, walls, tables or floors. It offers not only a section of ready-to-use products, but also an assortment of thousands of components and accessories that, when combined, can produce almost any lamp.

The result is original, durable and cannot be found in traditional sales channels and, above all, meet the needs of any architectural and design project.

Creative-Cables catalogue is constantly evolving: our priorities include **the search for new trends**, the **development of partnerships**, opportunities and **product improvement**. This is why we are present at the most important **international trade fairs** dedicated to the world of interior design such as Maison&Objet, Salone del Mobile and 100% Design.

Creative-Cables products are present in **more than 20 countries**.

Besides our huge catalogue, we strive to offer:

- a **specialized customer service** department and a team to develop customized proposals
- a locally managed **warehousing and logistics service**
- **flagship stores** in relevant urban areas

CREATIVE-CABLES FLAGSHIP STORES

Creative-Cables Flagship Stores: Creativity becoming light!

After five years of online sales, success and much satisfactions that brought Creative-Cables to more than 20 countries around the world, we decided to take a turn to the “offline” world and bring our lights to the city streets.

In our stores, it's not only possible to find and purchase customised lamps as well as all individual products from the Creative-Cables catalogue, but it is also possible to personally get into the action: you can build the lamp of your dreams, with the assistance and advice of our qualified staff that will guide you throughout all phases of the creation. We'll make sure that every component is included and we'll also show you some professional tips.

Is DIY not your thing? Not a problem: in the Creative-Cables stores you can still design a customised lamp choosing the components that best suit your needs, personal taste and the style of the space you will be illuminating. In a few minutes our staff will create a completely customised lamp that will meet the tastes and style of its designer - you! and it will be assembled correctly and safely.

At the Creative-Cables Flagship Stores you can see and hold in your hands our fabric cables, roses, lamp holders along with LED light bulbs for every need and style! Creative-Cables Flagship Stores are a space to choose and create, but also to express yourself through our cables and colourful products to find your inspiration.

In our stores you can also find a space dedicated to the many designers that have chosen Creative-Cables' products to make their lamps exclusive: a unique occasion to be inspired by the work of some professional designers and to purchase their signature masterpieces.

The first Creative-Cables Store opened in Turin, our hometown. It was followed by Alessandria, Treviso, Piacenza, Brescia and the first store out of Italy in Bruxelles, Belgium.

Further stores outside Italy are to be opened in the near future: stay tuned!
